

PANIMALAR INSTITUTE OF TECHNOLOGY

EMPLOYER SURVEY

1. Employer Information

Our college seeks to provide the highest quality of undergraduate education and to produce graduates that are well prepared to enter the engineering workforce. We would appreciate your help in assessing how well the information technology program prepares its students to meet its educational objectives and outcomes.

By answering the following survey questions, you will provide valuable feedback that is needed for program improvement and program accreditation.

Name of the Company	
Name of the Employer	
Designation	
Employer's Contact Address	
Employer's Contact Number & Email ID	

**Please indicate the programmes of the graduates you have hired during the
Academic Year 20 - 20**

- | | |
|--|---|
| <input type="checkbox"/> Computer Science and Engineering | <input type="checkbox"/> Electrical and Electronics Engineering |
| <input type="checkbox"/> Electronics and Communication Engineering | <input type="checkbox"/> Mechanical Engineering |
| <input type="checkbox"/> Information Technology | |

The purpose of this assessment is to measure the abilities of Panimalar Institute of Technology Graduates in your Organization. Your feedback will be used to determine the effectiveness of the curriculum and clarify areas that may need to improve Program outcomes & program specific outcomes. Your responses will remain confidential. Thank you for taking the time to participate in this survey.

The level of Please indicate the level in which you agree to the following statements
5=Strongly Agree 4=Agree 3 = Neutral 2 = Disagree 1 = Strongly Disagree

S.NO	Graduate Attributes	Strongly Agree (5)	Agree (4)	Neutral (3)	Disagree (2)	Strongly Disagree (1)
1.	How strong candidates are applying the knowledge of mathematics, science and Information Technology?					
2.	Ability to provide a sustainable engineering solution to the problems related to Information Technology?					
3.	Candidates have Skills in design and development of a solution.					
4.	What is the level of candidates in analysis and interpreting data?					
5.	Candidates have Skills for using appropriate techniques, resources and modern tools					
6.	Ability to apply reasoning informed by the contextual knowledge to asses societal, health, safety, legal and cultural issues.					
7.	Ability to recognize that broad education is necessary for understanding the engineering problems					
8.	Commitment to professional ethics and responsibilities.					
9.	Effectiveness of candidates with respect to individuality (leadership) and team work?					
10.	Communication and inter-personal skills of our Graduates					
11.	Ability of the candidates to manage the project and finance aspects?					
12.	Eagerness of continuously learning the emerging technologies?					
13.	Analyzing the software and hardware problems through basic computer knowledge.					
14.	Applications of suitable algorithms in real time problems					
15.	Contribution in software development and research.					

The following are the Program Educational Objective for the Department of Information Technology. We expect graduates to achieve these objectives after the four years of study.

Please indicate the degree of agreement of the following statements.

5 = Strongly Agree 4 = Agree 3 = Neutral 2 = Disagree 1 = Strongly Disagree

S.No.	Education Goals	Strongly Agree (5)	Agree (4)	Neutral (3)	Disagree (2)	Strongly Disagree (1)
1	Candidates have the skills of mathematics, science and basic engineering to formulate, analyze and solve engineering problems					
2	Candidates can able to apply their acquired skills in emerging technology and make them to be employed in area of Information technology					
3	Candidates can have the ability to pursue higher education or to apply the technical knowledge as practicing professionals.					
4	Candidates conduct themselves in a responsible, professional and ethical manner					
5	Candidates can have the ability to improve knowledge, skills and competences within a personal, social and employment-related perspective, by learning new technologies					

Level : Indicate the level to which you agree to the following statements:

The level of Please indicate the level in which you agree to the following statements

5 = Strongly Agree 4 = Agree 3 = Neutral 2 = Disagree 1 = Strongly Disagree

		Level				
		1	2	3	4	5
1.	Overall Performance – My company is satisfied with the overall performance of PIT Graduates	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2.	Industry Readiness – PIT Graduates are able to make a positive contribution to the work place as an individual and as a team with minimal supervision	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

What future training or education would your organization encourage new engineering graduates to pursue? Check all that apply.
